

# Website Content Review

Every page of your website, section by section. Mark anything you would like changed — words, headings, buttons, prices, phone numbers, photos, team members, reviews — and send this PDF back to us.

---

Prepared: September 26, 2026

19 pages of the website · 67 sections to review

## How to mark your changes

### 1 Find the section.

Each page of this document shows one part of the website with a reference code in the gold badge, for example H-1 (Home page, section 1). Use the Contents page to jump to any page.

### 2 Mark it up – any way you like.

Type in the "Changes for ..." box under the screenshot (it is a fillable box that works in Adobe Acrobat Reader, Microsoft Edge, Chrome, Preview on Mac and most PDF apps). You can also use your app's Highlight, Comment, Pen or Text tools directly on the screenshot. Printing it and writing on it with a pen is fine too – just scan or photograph the pages.

### 3 Nothing to change?

Tick "No changes" so we know you have checked that section.

### 4 Changing a photo.

Photos are shown as numbered grey placeholders (P1, P2 ...) in this document – your real photos appear on the live website. Tell us the photo number and email the new photo with that number in the file name (e.g. "P4 new commercial photo.jpg"). The Photo Index at the end lists where every photo is used.

### 5 Save and send it back.

Save the PDF (File → Save) and email it back to us, together with any new photos or logos.

#### Helpful tips for clear instructions

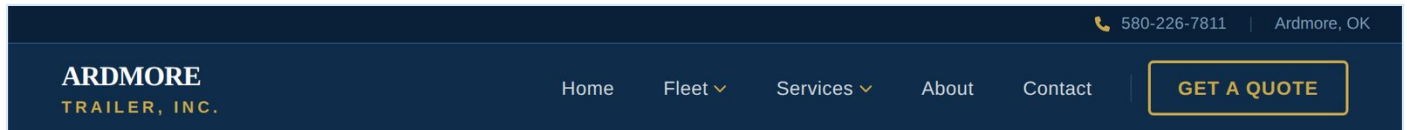

- Write the exact new wording in quotes, e.g. change "Call Direct" to "Call Rick Today".
- For a phone number, email or address – change it once in G-1 or G-2 and we update it everywhere on the site.
- Want to add or remove an item (a review, a team member, a feature, a piece of equipment)? Just write "add" or "remove".
- Colours, fonts and page layout stay the same – this review is about the content (text and images).

**H-4b** Why Choose Us (part 2 of 2)

Every unit in our fleet is maintained to the highest standard — ready to work the moment it arrives on your site.

We prioritize safety on every delivery and rental. Our equipment meets all industry standards for your peace of mind.

Our team is always reachable. Whether it's a question or an urgent issue — we're just a call away anytime.

We go the extra mile to make sure every customer is happy — from first call to final pickup.

**Best**  
VALUE

**Cost Efficient**

Competitive rates with no surprises. Get the best value for your rental budget across all equipment types.

**0**  
HIDDEN FEES

**No Hidden Charges**

Transparent pricing from day one. What you see is what you pay — no unexpected fees or fine print.

**20+**  
YEARS EXPERIENCE

**Experienced Staff**

Our team knows the trailer and container business inside out. Talk directly to Rick and the team — no call centers.

**FREE**  
NO OBLIGATION

**Free Quote**

Get a fast, no-obligation quote for any equipment type. We'll help you find the right unit for your needs.

Serving Oklahoma & surrounding areas with a **2-month minimum** rental period.

WHAT CUSTOMERS SAY

Trusted by Oklahoma Businesses

Don't just take our word for it — here's what our customers say about renting with Ardmore Trailer.

★★★★★

“

*"Ardmore Trailer had a 40-foot reefer container on our site within 48 hours. Rick was straightforward about pricing — no surprises."*

J

**J. Harmon**  
Harmon Produce, Ardmore OK

★★★★★

“

*"We rented three trailers for overflow storage during a facility expansion. Solid units, clean, and hassle-free pickup."*

T

**T. Wilkins**  
Wilkins Manufacturing

★★★★★

“

*"The mud lab trailer was spec'd exactly how we needed it. You won't find that level of customization anywhere else in the region."*

D

**D. Castillo**  
Southwest Drilling Services

**A-2** Our Story**PHOTO P2**

(actual photo shown on the live website)

**OUR STORY****Built on Trust, Delivered with Pride**

Ardmore Trailer, Inc. was founded with one simple goal — provide reliable, high-quality trailer and container rentals to businesses and individuals across Oklahoma. From our base in Ardmore, we serve customers across the state and surrounding areas.

Whether you need a dry container for on-site storage, a refrigerated trailer for temperature-sensitive cargo, a generator for a remote site, or a purpose-built mud lab — we have the equipment and experience to get the job done right.

- ✓ Minimum 2-month rental period
- ✓ Serving Oklahoma & surrounding areas
- ✓ 8 equipment types available
- ✓ Direct contact — no call centers

## A-3 Our Values

## — WHAT WE STAND FOR

## Our Values

## Quality First

Every unit is maintained to the highest standard before it leaves our yard.

## Honest Service

No hidden fees, no surprises. Transparent pricing from day one.

### On-Time Delivery

We show up when we say we will — every time, no excuses.

## Industry Experience

Years of experience serving Oklahoma's toughest job sites.

### 2-Month Minimum

Flexible rental terms starting at 2 months to match your project.

### Local Team

Talk directly to Rick and the team — no call centers, ever.
